

EAGLE GUARD

EG-007Pro

Model No. E2850

Quick Start Guide

Thank you for choosing EAGLEGUARD electronic shooting earmuffs.
The package includes the following items:

1 X Electronic Shooting Earmuffs

4 X Hook & Loop Patches

1 X USB-C Cable

1 Pair X Foam Earplugs

Included accessories and patch styles may vary depending on product version and production batch.

25dB NRR Hearing Protection

Tested according to ANSI S3.19-1974.
Helps reduce harmful noise during shooting and outdoor use.

Bluetooth Wireless Connection

Compatible with iPhone, Android, and other Bluetooth-enabled devices.

Rechargeable Lithium Battery

USB-C rechargeable design provides reliable power for extended outdoor and range use.

Safety Notice

Do not expose the product to excessive heat, direct flame, or water.

Bluetooth Pairing

- 1. Power On**
Turn on the earmuffs using the knob on the right.
The indicator turns green.
- 2. Enter Pairing Mode**
Press and hold the Bluetooth button for 5 seconds
until the blue light flashes rapidly.
- 3. Select Your Device**
Open Bluetooth settings on your phone
or other Bluetooth-enabled device.
Select JHP-2850 under “Other Devices” or “New Devices.”
- 4. Pairing Complete**
The blue light flashes slowly once paired.
JHP-2850 appears under “My Devices” or “Paired Devices.”
